REAL ESTATE

Selling at 10:30 a.m. at 7189 185th St., Randall, MN 56475

This **120-acre hobby farm** will be divided into 3 separate parcels, each containing approximately 40 acres +/-.

Parcel #1: The homestead offers an older farmhouse with 4 bedrooms, one bath, main-floor laundry, and an oversized 2-car detached garage, along with another small outbuilding for extra storage. It includes a drilled well, a compliant septic system, along with 8' high fenced-in areas.

Parcel #2: This 40-acres consists of some pastureland that's fenced (tall 8' fencing) and lower ground. This could possibly make a good building site, pasture area, or maybe just use it for hunting.

Parcel #3: This 40 acres is a hunter's paradise, with a good mix of woods, open ground/pasture and low ground. All of this adjoins hundreds of acres of **state land**. The possibilities are endless!
